FIELD DAY IS PLANNED FOR KNIGHTS TEMPLAR

DISTRICT GATHERINGS WILL BE HELD IN HOUGHTON AND ESCANABA.

Plans are being considered and will be announced in a few weeks for two field days for the Knights Templar of the upper peninsula, one to be held in Houghton for the copper country commanderies and the other to be held in Escanaba for the Knights Templar of the iron country district and other parts of the upper peninsula. The dates of these district gatherings have not been designated, but will be the latter part of the summer. The preparations for and conduct of these field days will be in charge of a grand

commandery officer, who will act as grand marshal. The dates will be so designated as to suit the convenience of the greatest number of Sir Knights. For the past two years similar field day gatherings have been held in the lower peninsula district. Those now under consideration will be the first for the upper peninsula, however. The programs will be of a very unique nature and doubtless will include spectacular competitive drills and parades.

BEWARE OF THE HANDBAG THIEF

Daring Daylight Burglar in Operation in District

Beware of the handbag thief. This is the warning given out today by Chief of Police Joseph Trudell, who with other police officers in the Calumet district is working desperately to apprehend the miscreant whose operations in this district have been quite extensive.

More than a dozen homes have been visited by the burglar within the last few weeks, according to the police records, and the loot gained amounts to several hundred dollars, in addition to quite a quantity of jewelry and other valuables. It is likewise believed that other homes have been entered, but no report has been made to the officers. In a number of cases the theft has not been discovered for several hours, and no clue has been obtainable. From the similarity of the petty burglaries, it would appear to be a systematic operation. Residents of Calumet are warned to keep their homes locked when they were absent and likewise to lock the doors when in remote parts of the house for any extended period.

In practically every instance the robberies have occurred during the afternoon between the hours of 2 and 6. The method of the burglar evidently is to visit the home in the guise of a news agent, canvasser or beggar, obtain an entrance unnoted, if possible and if no person seems in evidence to ransack such articles of furniture as give promise of containing valuables. In about three-fourths of the instances, handbags have either been stolen bodily or ransacked and discarded. In a number of instances purses containing small amounts of money have been stolen, pieces of jewelry have been removed, watches, articles of silverware and other valuables taken.

One day last week, while playing beneath the grandstand in the Athletic park, a small boy discovered the handbag of a Red Jacket woman, which fortunately could be identified by the card inside. It was turned over to the park authorities and later to the owner, who discovered the absence of a smaller purse containing quite a sum of money.

Another Red Jacket woman reported to Marshal Trudell the fact that her home had been entered, handbag pilfered and bedroom ransacked during the three minutes it took her to go to an upstairs room to close a window and return.

During the hour of the military funeral yesterday, a Laurium home was entered and about forty dollars in cash and a gold watch was stolen. Yesterday's burglary was the first that has occurred recently outside of Red Jacket.

Among the loot secured at one house recently was a \$250 gold piece, a coin not in common circulation, through which the officers hoped to trace the miscreant that has been giving them so much worry. They were unsuccessful, however, for no coin of this denomination has been found at a local store or bank for several weeks.

The officers are hot on the trail of the offender, and hope of his early arrest, however, in the meantime they advise local residents to use extra precautions to avoid being the victims of such burglaries.

AUTO ACCIDENT—TWO HURT.

Machine and Buggy Collide at Union Building Corner.

Ralph Wolfe of Mohawk and Tom Tremberth of Kearsarge were slightly injured last evening, when a buggy in which they were riding collided with an automobile at the corner of Fifth street and Red Jacket road, near the Union building. The buggy was upset, and quite badly damaged, its wheels being broken and wheels torn off. Wolfe and Tremberth were thrown out and badly shaken up. The former was taken to the C. & H. hospital and the latter to the Tamarack hospital. Both had recovered sufficiently to be removed to their respective homes today.

The men were driving west on Red Jacket road at a rather rapid clip, just at the rear of an automobile. As they approached Fifth street the automobile stopped and when the buggy was just about parallel with it, an automobile driven by James McClure approached. As the three were almost abreast, the McClure auto and the buggy came together.
